iFPL Quarto Website

Originally designed by Jamie Pantazi Esmond (jamie.pantazi@gmail.com), this document contains notes and other information about this Quarto website.

Files Included

Project file

ifpl.Rproj

Quarto Markdown files

Each page of the site has a markdown file with code annotations

➔ index.qmd - Landing page
➔ team.qmd - Team page
➔ projects.qmd - Projects page
➔ news.qmd - News and Events page
➔ about.qmd - auto-created file to add an about page (not used)

Image files

JPG/JPEG or PNG - Clipart, photos, and graphics

Other files

➔ graphics.pptx - graphics can be modified and exported
➔ _publish.yml - info for publishing - **must be updated with permanent info**
➔ _quarto.yml - sitewide options
➔ custom1.scss - custom theme options
➔ .Rhistory - history file (auto-generated)

Folders - DO NOT TOUCH

➔ .quarto - auto-generated for the quarto project
➔ _site - auto-generated for HTML output

Other Documentation Links

➔ Quarto Websites
➔ gt package for formatting tables

Linked spreadsheet

➔ iFPL spreadsheet
➔ https://docs.google.com/spreadsheets/d/1y8z7K6wvSj6C7SiskjfTmh-ouFeT7WtDmdOcsJDDbj8/edit#gid=0
  ➔ The content for each table can be updated in the Google sheet, and it will be reflected when the page is re-published.

Attention: It is recommended that you make a copy of this spreadsheet and update the URL in the markdown files so you are the owner of the spreadsheet. See below.

```r
67   ```{r projects}
68
69   # Load data from google sheets
70   # COPY WORKSHEET AND UPDATE URL
71   gs4_deauth()
72   projects <- read_sheet("https://docs.google.com/spreadsheets/d/1y8z7K6wvSj6C7Si
     skjfTmh-ouFeT7WtDmdOcsJDDbj8/edit#gid=0", sheet = "Research Projects")
```
